

# Taking Care of My Voice

A social story about taking care of your AAC device.

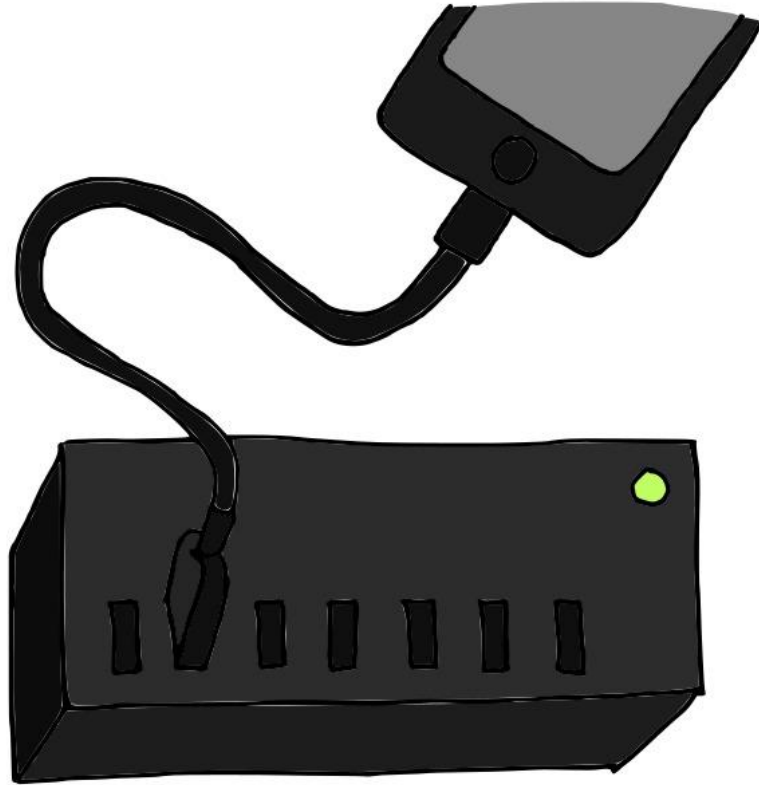

Written by: Kristine Drum, MA, CCC-SLP  
The PCS copyright LessonPix 2021

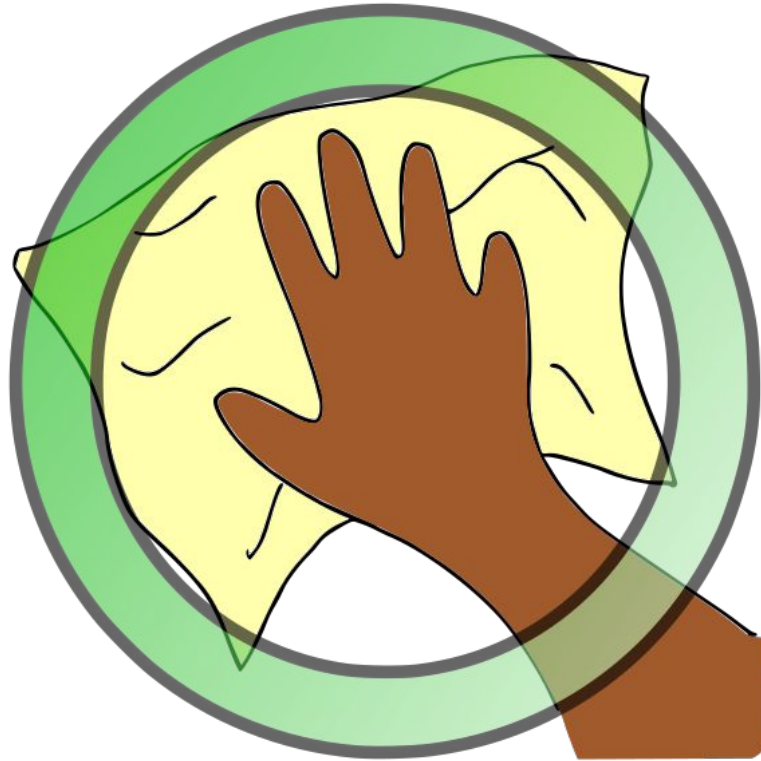

My device is my voice, so I always take care of it.

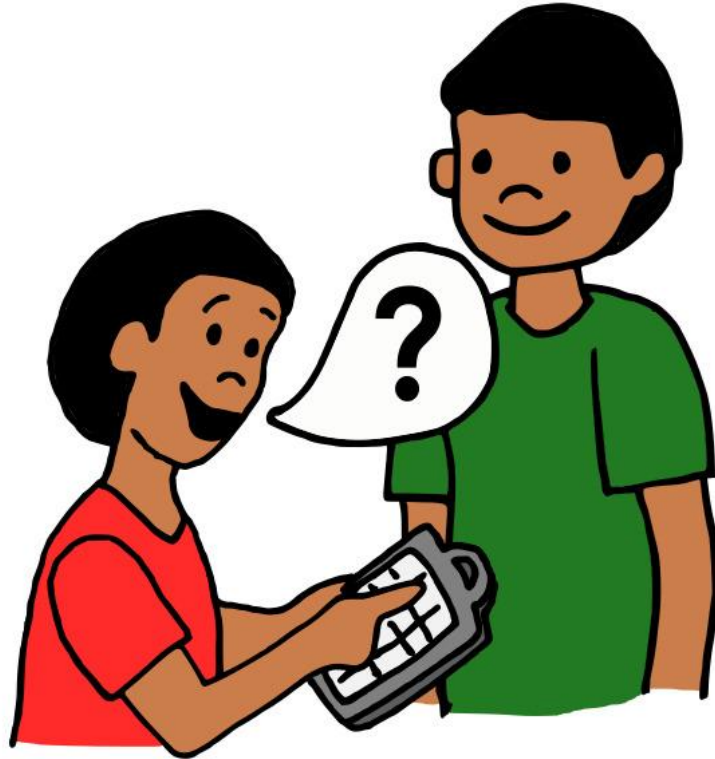

I make sure it's charged everyday.

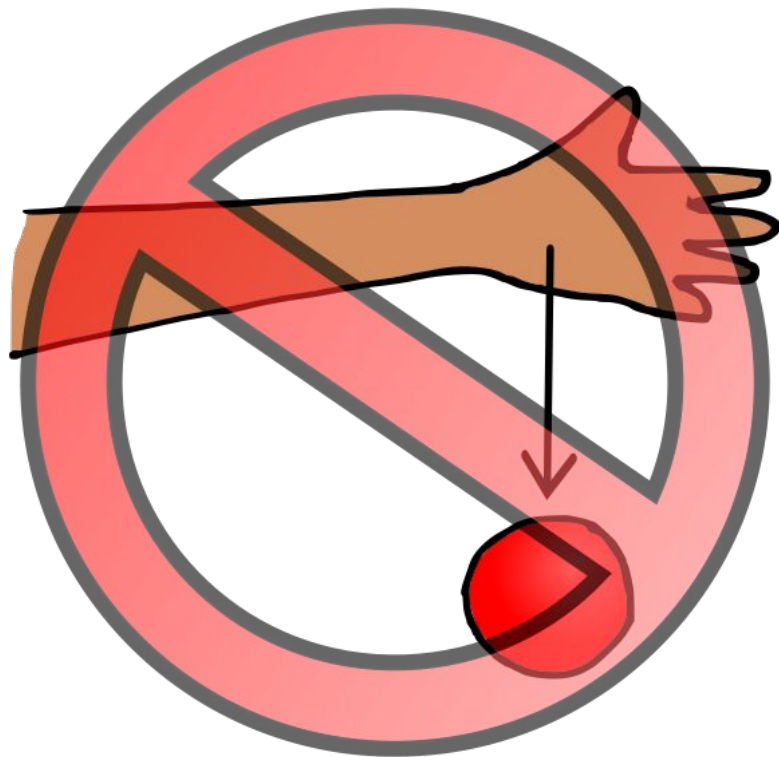

I make sure the screen is clean.

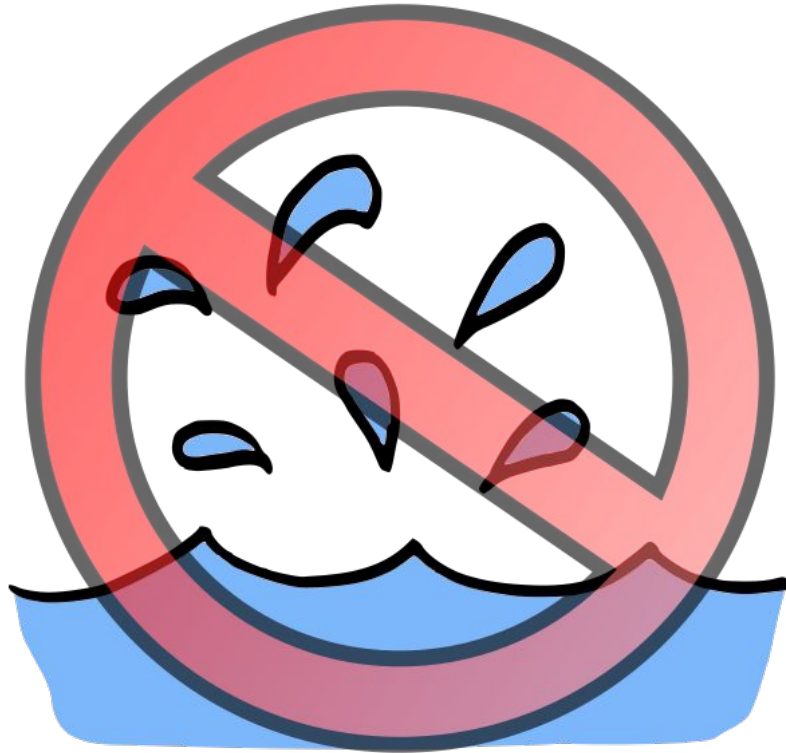

I ask for help if something is wrong.

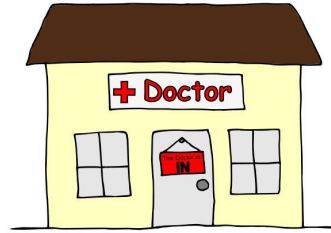

I am careful not to drop it.

I keep it away from water.

I take it everywhere I go, so I can talk to people.

I love my voice!
